

GENERAL INFORMATION

Optional Practical Training (OPT) for F-1 students is intended to provide hands-on practical work experience complementary to the academic program. An F-1 student is eligible for a **MAXIMUM OF 12 MONTHS**. However, if a student begins a new academic program at a higher level (e.g. masters after bachelor's degree or PhD after masters), the student is eligible for another 12 months of OPT.

While on optional practical training, individuals are still considered to be F-1 students at Wayne State even though they may be working elsewhere in the United States. **They are required to report within 10-days any changes in name, address, employer's information and periods of interruption in employment.**

This type of OPT is available to students who have been lawfully enrolled on a full-time basis for at least one academic year. OPT is available in the following cases:

1. Part-time or full-time work during the student's annual vacation and at other times when school is not in session, if the student intends to register for the next term of the session
2. Part-time work while school is in session
3. Part-time or full-time work after completion of graduate course requirements excluding a thesis or dissertation
4. Full-time work after completion of the course of study

It is important to note, however that:

- Part-time Pre-OPT (20 hours per week or less) is deducted from the available OPT time. For example, 2 months of part-time Pre-OPT would count as 1 month of full-time OPT and will be deducted from the available 12 months.
- Full-time Pre-OPT is deducted from the available OPT time. For example, 4 months of full-time pre-OPT will be deducted from the available 12 months

Please keep in mind that OISS will **not authorize CPT** after post-completion OPT has been recommended. Thus, if there is any possibility for CPT in your last semester, please hold off on your application for post-completion OPT. And also be reminded that if you exceed 365 days of full-time CPT, you will not be eligible for OPT. The use of part-time CPT does not count towards the 365 days of full-time CPT "trigger" that eliminates eligibility of OPT.

Once you have completed all requirements and have submitted your application to OISS, please allow 7 – 10 business days for processing.

It is currently taking USCIS approximately 3 months to process applications for Optional Practical Training. Thus, it is important to apply as early as possible. For options 1, 2, and 3 students can apply as early as 90 days before their intended start date for OPT. (Reminder: Students using option 3 must still be enrolled full time, excluding vacations). Students applying based on option 4 must complete and send their application to USCIS before they complete their degree program and can apply 90 days prior to program end date and up to 60 days after the program end date, provided that it **is filed with the USCIS** within 30 days of the date the DSO enters the OPT recommendation into SEVIS.

Students making a trip outside of the United States while on practical training after graduation will need a **travel signature** from an advisor in OISS on their I-20 within the last six months for re-entry into the United States. OISS recommends that you **always consult with an OISS advisor prior to leaving the U.S.**
